Bengal Beverages Pvt. Ltd.

Environmental Policy

We at Bengal Beverages Pvt. Ltd. are committed to manufacturing of The Coca-Cola branded sparkling and still beverages in such ways that Preserve, Protect, Enhance & Sustain the Environment that is a key pillar of our long-term success and have embedded this belief in our company strategy and policy. We drive continuous improvement on our environmental performance to minimize our impact on the local and global environment by implementing ISO 14001:2015 international standard. We believed that our environmental performance is critical to our success.

We have a fundamental responsibility to uphold our role in ensuring a healthy and sustainable environment

We will actively engage our employees and will adhere to applicable legal and Coca Cola specific requirements relating to the environment.

Our environmental efforts are focused on key areas where we have the most opportunity to make a difference and are defined by the following long-term aspirational goals:

Water Stewardship: We will be good stewards of our most critically shared resource in the communities where we operate.

Climate Protection: We will work to reduce our carbon emissions, even as we grow our business.

Sustainable Packaging: We envision a world in which, through recycling and innovation, our packaging is seen as a valuable resource for the future.

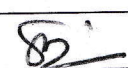

Renewable Energy: We will work to reduce use of conventional energy by green energy to sustain our business.
